

To CES-ON Members:

## PROFESSIONAL DESIGNATIONS PROJECT

### Member Consultation Schedule

The National Council has been working on developing details and documents related to the proposed Professional Designations project. They have asked each Chapter to initiate consultation meetings for members to receive information and to provide their reaction and input to the work that has been done to date. In Ontario, because of the concentration of members in certain geographic areas of the province, we will be holding town hall meetings in 9 different locations. The dates, locations and times for these sessions are shown below. Come and provide your ideas and enjoy a networking opportunity with colleagues.

**If you plan to attend a session, please RSVP to the appropriate email address provided.** This will let the facilitator know the number of people to expect.

### Town Hall Meetings

CITY	DATE/TIME	LOCATION	RSVP ADDRESS
