

Essential Skills Series

The *Essential Skills Series* consists of four, one-day foundational workshops. The workshops have been designed by the Canadian Evaluation Society to enhance program evaluation skills and promote the professional practice of evaluation across Canada. There will be opportunities for group exercises and discussion during the workshops. Participant workbooks will be provided for each workshop.

The *Essential Skills Series* is of interest to:

- Newly appointed evaluation or program review officers
- Those who manage evaluation projects within their organizations; and
- Those who would like a refresher course on the main concepts and issues in program evaluation

Note that Intermediate workshops are also offered at various times through the year. We strongly recommend taking the Essential Skills Series before attending Intermediate workshops.

Fees: (includes refreshments, lunch & course materials) Student spaces are limited. Proof of student status is required. One student who is willing to assist with hosting may attend at no cost. For this opportunity, contact Elana by June 21, 2010.

Biographies of Facilitators for the Essential Skills Series

Arnold Love, Ph.D.

Dr. Arnold Love is an internationally recognized Independent Program Evaluation Consultant based in Toronto, with more than 25 years of experience in evaluation.

Arnold served two terms as President of the Canadian Evaluation Society and in 1996 was a recipient of the CES National Award for Distinguished Contribution to Evaluation. He has received the CES National Award for Contribution to the Canadian Evaluation Society and, in 2005, the CES honoured Dr. Love by making him a Fellow of the Society.

Dr. Love is author of numerous articles and several books in the evaluation field; editor of the Canadian Evaluation Society's *Evaluation Methods Sourcebook Series* and of special issues of *New Directions for Program Evaluation*, the *Canadian Journal of Program Evaluation*, and Harvard University's *Evaluation Exchange* publication.

In addition to his consulting assignments, Arnold teaches evaluation at The Evaluators Institute, the National Centre for Arts and Nonprofit Management at York University, the Centre for Innovative Management at Athabasca University, and other institutions of higher learning around the world.

Paul Favaro, Ph.D.

Dr. Paul Favaro is currently Chief of Assessment and Accountability with the Peel District School Board, Mississauga, Ontario where he is responsible for all research, evaluation, and performance measurement activities.

Paul is author or co-author of numerous articles, chapters and technical reports in the areas of program evaluation and applied measurement. He has conducted numerous professional training workshops in outcome monitoring, performance measurement, and program evaluation for the CES and other professional organizations.

Dr. Favaro has lectured extensively in program evaluation, education, and management science, at York University, the University of Guelph, and the University of Waterloo. He has also conducted numerous professional training workshops in outcome monitoring, performance measurement, and program evaluation for the Canadian Education Society and other professional organizations.

Dr. Favaro has served on Boards of a number of organizations including the Program Evaluation Section of the Canadian Psychological Association, the Canadian Evaluation Society Ontario and National Chapters.
