

Student to Company Initiative:
The Connecting Companies and Evaluation Students' Program
Company Application Form

COMPANY NAME: **Mental Health Centre Penetanguishene**

A) General Overview

1) Describe the key business activities that your Company or Division is involved in:

As part of a public psychiatric hospital in Canada's largest province, members of the Research Department study the prevention, prediction, and explanation of human violence and aggression. Our research samples include: mentally disordered offenders, sex offenders, psychopaths, criminal and violent offenders, high school students, psychiatric clients, and adults from different communities.

2) What is the broad objective of the evaluation project that you require assistance with?

Evaluation projects include: testing of an e-learning program, association of hospital-based interventions with outcomes, etc.

3) Please describe the anticipated role of the student in this project in terms of professional expectations, as well as contribution to student success in the field of evaluation research:

The student will learn how to design a research study, how to quantify and collect data for analysis, and how to work with a team of researchers. These tasks will contribute to the development of transferable skills in communication, working with information, and scientific skills, as well as some skills in working with people and information technology. There may be the opportunity to conduct preliminary statistical analyses and prepare information for an internal report.

B) Contact Information

1. Provide the name of the person students should contact: Dr. Zoe Hilton
2. What is the preferred means of communication? Email, follow-up with phone call.
3. Provide contact information:

N. Zoe Hilton, Ph.D., C.Psych., Senior Research Scientist
