

Students' Corner, September 2001

CES-Ontario Chapter

Student Newsletter May Be in the Works

The chapter's student representative, Candace Nykiforuk, is investigating the possibility of launching an annual student newsletter. If the newsletter goes ahead, the first issue will be released in the next few months. If you have suggestions or would like to provide input, please contact Candace at students@evaluationontario.ca or 519-888-4569 x2760.

Congratulations to Wendy Young

Wendy Young, Vice Chair of the Ontario Chapter and student at the University of Toronto, has received a post-doctoral scholarship from the Canadian Health Services Research Foundation. Those who attended the 2001 Ontario Chapter Conference may recall that Jonathan Lomas, one of the conference presenters, is Executive Director of the Foundation. Congratulations, Wendy!
